Party Themes & Descriptions

Rock Star! Super Star! Come dressed as a "star" or dress when you arrive. Party kicks off with Sara O'Brien performing a live ROCK SHOW. Party kids create a new song, make their own band and perform their very own ROCK SHOW. After our final encore, we greet our adoring fans and sign autographs for each other!

Musical! Magical! Once upon a time there were fairies, princesses & superheroes flying, dancing, singing and exploring their way through LuLoo Land. This birthday adventure is lead by LuLoo herself. The pink-haired, purple-winged, musical magical fairy.

Being Weird is Cool: Inspired by the HoneyBabes song, this party promises to be weird wacky wild fun! Who can dress up in the wackiest costume? Make the weirdest noises? Faces? Poses? We sing crazy songs and tell wacky jokes! Party includes weird and wacky arts and crafts projects inspired by the birthday child.

Arts & Crafts: a multi-media explosion of creativity and self-expression. Kids can choose from a variety of projects and arts and crafts activities.

Mix it Up! Create your own!

Feel free to combine elements of the above parties to create your own birthday celebration.
